OFFICE OF THE CHIEF ENGINEER PWD RAJASTHAN JAIPUR

No. CEPWD/ACE (HQ) D-444

Dated:- 20-12-2003

The Addl. Chief Engineer.

PWD Zone I JAIPUR

Sub: - Checking of surface evenness by roughometer on PMGSY road works.

Sir,

Bitumenous work on all the PMGSY road works are being done by paverfinisher and to ensure proper surface of the BT road it is essential to check its roughness value by roughometer.

As roughometers are available at all the regional laboratories, please ensure that roughness values of all the completed and on going works of PMGSY be checked before these works are finalized.

Please ensure compliance of the instructions from all the PIU's and field officers.

Yours faithfully
