CIRCULAR NO. 9 /2007

It has been observed that excess / extra items are executed by field officers without prior approval from competent authority, which sometimes causes unnecessary burden on work.

In this context directions has already been issued vide circular No. F8(9)PW/2000/Pt II/405 dated 02-05-2002 but still it is not being fully complied. It is once again, directed to take prior approval from competent authority before execution of any excess / extra items as per rules. The Superintending Engineers should ensure the compliance of these instructions failing which action will be taken against the defaulting officers.
