

OFFICE OF THE CHIEF ENGINEER (NH), P.W.D., RAJASTHAN, JAIPUR

No. SE/NH/NIT/D- 1612

Date: 23/11/2015

The Addl. Chief Engineer,
PWD, Zone _____ (All).

Sir,

In order to streamline the technical sanction of estimates and tendering process of CRF works, a meeting was held today on 23.11.2015 in the chamber of Principal Secretary, PWD alongwith CE&AS and matter was discussed at length. In view of the discussions held, following directions are being issued to be complied with by all field officers:-

1. Most of the circles/zones are issuing technical sanctions based on prevailing NH BSR and few circles/zones are having some apprehensions in adoption of NH BSR. In this regard, it is pertinent to mention that MoRTH had issued directions vide A & F sanction of CRF works, to adopt specifications as per IRC/MoRTH. It is enjoined upon that all field officers will accord technical sanctions of the estimate based on prevailing NH BSR within A&F limit, as State PWD, BSR is based on MoRD specifications.
2. Five zones have invited tenders on e-proc Rajasthan portal, two zones have invited tenders on MoRTH e-proc portal & e-proc Rajasthan both, whereas one zone has invited tender on MoRTH e-proc portal. Therefore, to streamline the tender process, it is directed that NIT/bid document would be uploaded and would be made available for downloading from e-proc Rajasthan Portal only and appropriate notice / corrigendum in this regard would be uploaded on MoRTH website, if required.

(Rajmal Jain)
Chief Engineer (NH)
