OFFICE OF THE CHIEF ENGINEER, P.W.D., RAJASTHAN
JAIPUR

No. EE(R&D-II)/STA/0412-2160
The Additional Chief Engineer,
PWD, Zone.(All) / P.T.C. (M)

Dated:- 5/2/04

Sub: Estimates for the regular allocation.
Sir,

The NIT for the works of phase-IV (under regular allocation) has already been floated. These works are for the habitations with population 877 to 924 for the World Bank districts and with population 877 & above for non World Bank districts. The clearances for these works have been received from Government of India. The process of issuing Administrative Sanction of these works is in progress. You are requested to ensure the following points during the technical sanction of these works:

1. The estimate sanctioned need not to be copy of STA approved estimate. Any change required, which was not incorporated during STA approval, may be made so that the estimates are complete as per required specification & as per the requirement.
2. The estimates are to be framed on current BSR even if the STA estimates are based on old BSR. However the amount of the technical sanction should not exceed STA amount in any case.
