

**Office of the Chief Engineer (Roads) ,Public Works Department,**  
**Rajasthan, Jaipur**

No. F45/P&M D/Circular/05/D-216

Dated: 7.9.2018

The Additional Chief Engineer,  
Public Work Department,  
Zone----- (All).

Superintending Engineer,  
Public Work Department,  
Circle ----- (All).

Executive Engineer,  
Public Work Department,  
Division ----- (All).

(216)

Sub:- Updation of "Defect Liability Period" (DLP) information on portal.

Sir,

All concerned have been directed many times by this office to upload the "Defect Liability Period" information of road works on departmental website [pwd.rajasthan.gov.in](http://pwd.rajasthan.gov.in) to facilitate the general public to know the DLP status of a particular road. But it is found that the information is either not being uploaded/updated timely or even not uploaded at all, resulting incomplete information on website.

Therefore, it is directed to ensure the compliance of following directions & report :-

1. Executive Engineer (concerned) shall upload the information of works under Defect Liability Period (DLP) on departmental website within a period of 30 days from the date of completion. He will also ensure deletion of works for which Defect Liability Period (DLP) has expired and addition of works for which Defect Liability Period (DLP) has started during that month.
2. Review of updation of information on departmental portal shall be done by Superintending Engineer (concerned) once in every 2 months. He will ensure monthly updation of information of DLP roads by Executive Enginee including deletion of work from portal for which the DLP has expired and addition of works for which Defect Liability Period (DLP) has started during that month.
3. Additional Chief Engineer (concerned) will review and ensure the compliance of point No. 2, once in every 3 months.
