

**OFFICE OF THE CHIEF ENGINEER PWD RAJASTHAN JAIPUR**

No. F.45/P&M-II/Circular/D- 603

Dated : Dec. 2, 2010

**Circular No. 2 /2010**

In pursuance to streamline quality control activities and other related activities in the department, detailed instructions were issued by the Pr. Secy., PWD, Govt of Rajasthan vide no. F.3 / CE (SS) / EE (SI&QC)/09 dated 11.12.2009.

Performance on these parameters / guidelines are regularly reviewed in the State level Review Meeting and checked during the course of field inspection by Chief Engineers in their respective zones. In certain areas performance / achievements have been quite satisfactory but in certain areas more and serious efforts are required.

In respect of quality of works, in several cases the deficiencies reported / pointed out by Sr. Inspecting Officers or by Vigilance Team, are corrected. It shows that the EEs/AEs in cases of many road and building works are not performing their duties seriously and SEs are not inspecting the work in effective and assertive manner. For example, in several cases Inspecting Authority / Vigilance Team found that the seal coat in BT work has not been done properly. After their observations are put on the record, the same Officers and same Contractors have got re-done or corrected the seal coat.

Therefore all AEs/EEs/SEs are requested to be more careful and vigilant regarding the quality of works being carried out under their jurisdiction so that such situation may not arise on any work in future.
